

2013 NCAMPO Conference Schedule of Breakout Sessions

April 8, 2013

Back to Basics	Roadways and Design	Active Transportation/Healthy Communities	Toolkits and Technical	Freight and Commerce
----------------	---------------------	---	------------------------	----------------------

Wednesday afternoon 3:15 to 5:00 p.m.

MAP 21 and Performance Measures	Safety	Greenways in Active Transportation	Land Use Modeling	MAP 21/Economic Development/Sustainability
MAP 21 and Performance Measures - An Overview by FHWA and NCDOT (Joe Geigle, PE, FHWA and Ehren Meister, Director of Performance Metrics, NCDOT)	Highway Safety Manual - Taking Safety to the Streets (Stanley Polanis, TRB's Highway Safety Performance Committee ANB25)	Lessons Learned from Greenway Planning in NC and SC, and the Wilmington Comprehensive Greenway Plan (Mike Kozlosky, Wilmington MPO and Amy Beatty, City of Wilmington)	CTPP Update on Census - Available Resource Toolkits (Penelope Weinberger, CTPP Program Manager AASHTO)	Economic Sustainability & Transportation - Unavoidable Bedfellows (Brian Byfield, NC Sustainable Communities, Constance Stancil, Durham, Benjamin Hitchings, Morrisville, Grant Meacci, Raleigh)
MPOs Past, Present and Future (Radha Swayampakala, PE, RS&H)	What Would You Give Up to Cross the Road Safely? (Mike Rutkowski and Scott Lane, Stantec)	Neuse River Greenway (Iona Thomas, AICP, Stewart)	Potentials for Fusing Transportation and Land Use Modeling (Mark Kirstner, AICP, John Kim, PART, and Hanna Cockburn, AICP, City of Greensboro)	How MPOs Can Leverage Freight Elements of MAP-21 (Dike Ahanotu, Ph.D. Cambridge Systematics Inc)
MAP-21: Challenges to Address the Gaps in Performance Measures and New Data (Reza Jafari, Ph.D, PE, Road Safety and Transportation Solutions)	Rural Comprehensive Speed Management Planning (Jesse Day, PTRPO, Libby Thomas, UNC, and Matthew Kitchen, NCDOT)	Creating Places and Enhancing User Experiences Along Trails and Greenways (Graham Smith, ASLA, DHM Design)		

Thursday Morning 8:30 to 10 a.m.

Public Involvement	Re-Envisioning Freeways	Statewide Bike and Ped	Data in Modeling and Planning	MAP 21 and Freight Roundtable
Designing Public Participation Programs that Get Results: Going Beyond the Basics (Unwana Dabney, Ph.D. Planning and Program Development Manager, FHWA)	Innovating I-95: Investing for the Future NCDOTs Experience Using Economic Analysis to Answer Tough Questions (Kristine O'Connor, PE, NCDOT, and Paula Dowell, Cambridge Systematics)	WalkBikeNC: The 2013 Statewide Pedestrian and Bicycle Plan (Matt Hayes, AICP, Alta, and Lauren Blackburn, AICP, NCDOT)	Implications of Trip Generation Rates Over Time (Leta Huntsinger, Ph.D., PE, Parsons Brinckerhoff)	Freight Provisions in MAP 21 (Loretta Barren, Transportation Planner, FHWA)
"Excuse Me, Do You Speak Public" - Why You Need to Learn the Language of Public Involvement (Garold Smith, VP, Public Involvement and Communications Director, Eydo)	Business 40 Rehabilitation and ACTT - Faster, Better, and Beautiful (Pat Ivey, NCDOT Div 9, and Glenn Walters, ASLA, Creative Corridors Master Plan - DesignWorkshop)	Safe Routes to School in NC - State & Local Perspectives (Judi Lawson Wallace, MBA, APR, Wallace Consulting)	Call of Duty: Can Cell Phone Data Help My Model? (Rhett Fussell, PE, Parsons Brinckerhoff)	Freight and Logistics Roundtable - The Triad Model (C. David Hauser, Project Manager, Transportation Education Initiative and other Triad Freight Logistics Members)
Business 40 Project and Public Involvement Tools (Karen Simon, Simon Resources)	I-277/I-77 Loop Study (Radha Swayampakala, PE, RS&H, and Vivian Coleman, RLA, AICP, Charlotte DOT)	Increasing Active Transportation through Complete Streets and Road Conversions - Charlotte's East Blvd (Dwane Jones, Ph.D., NCSU)	Development of External Truck Trips for NC MPOs (Carlee Clymer and Rolf Moeckel, Parsons Brinckerhoff)	

Thursday Morning 10:30 to 12 noon

Transit and Urban Circulation	Design Build - A Case Study	Bike/Ped Design and Livability Improvements	Performance Measures	Economic Development and Freight
Interactive Technologies to Streamline Regional Transit Planning (Juanita Shearer-Swink, RLA, TTA, Mark Ahrendsen, DCHC MPO TCC Chair, and Jeff Weisner, URS)	Salem Creek Connector - The Creative Corridors Coalition and the Design/Build Process (Pat Ivey, PE, Division 9, Moderator, Teresa Bruton, PE, Design/Build Unit, NCDOT, Daniel Bridges, PE, Parsons Brinckerhoff, Russ Dubois, AIA, CCC Executive Director and Christy Turner, LEED, Stimmel Associates)	Partnerships for Success: NCDOT's Bicycle and Pedestrian Division Serving as a Catalyst for Improving Walking and Biking in NC (Lauren Blackburn, AICP, NCDOT)	Building on Best Practices in Project Management - PMBOK Standards (Majed Al-Ghandour, Ph.D, PE, NCDOT)	Mapping Port Competitiveness and Market Opportunities for Economic Development in North Carolina (Alixandra Demers, Ph.D, PE and Eddie McFalls, AECOM)
Evaluating the Implementation of a High Capacity Transit System in Winston-Salem (Taiwo Jaiyeoba, HDR, and Toneq' McCullough, PE, Director, Winston-Salem DOT)		NACTO Urban Bikeway Design Guide Application in NASCAR Country (John Cock, Principal, Alta)	Analyzing Impacts of Growth and Transportation Improvements in Swift Creek Area (Chris Lukasina, AICP, GISP, CAMPO, and Taruna Tayal, MAB)	Economic Development and Freight Flow on Rural Roads and Highways (C. David Hauser, Project Manager, Transportation Education Initiative)
Traffic Mover, Downtown Gateway or Neighborhood Main Street (Kirk Stull, PE, Senior VP, HDR)	Facing the Noise Wall - A New Paradigm for North Carolina (Greg Smith, PE, NCDOT PDEA, Joycelyn Johnson, Community Outreach Chair, Creative Corridors Coalition)	Making Counts Count - The National Bicycle and Pedestrian Documentation Project and Practical Tools (Jean Crowther, Planner, Alta and Matthew Burczyk, AICP, WSMPO)	MAP-21 and Active Transportation Performance Measures (Lyubov Zuyeva, French Broad MPO, and Suraiya Rashid, Wilmington MPO)	Hydraulic Fracturing and Freight Transportation-Lessons Learned from the Shale Gas Industry in Pennsylvania (Patrick Anater, AICP, Gannett Fleming)

Thursday 1:45 to 3:15 p.m.

Environmental Justice	Complete Streets	Public Health and Transportation	Project Prioritization	Sustainability in Action
Environmental Justice - Ensuring Transportation System Equity through Quantitative Analyses (Lynise DeVance, Civil Rights Program Manager, FHWA)	Complete Streets Training and Implementation in North Carolina (Dan Gelinne, UNC, and Lauren Blackburn, AICP, NCDOT)	Collaborative Partnerships - A Strategy for Improving Community Health (Lori Rhew, MA, PAPHs, NC Division of Public Health, and Ed Johnson, RLA, NCDOT SRTS)	Development of Project Prioritization Process for the MPO LRTP (Nicholas Landa, MUMPO, and Radha Swayampakala, PE RS&H)	MAP 21 Planning-Environmental Linkage Provisions and the NCDOT Integration of Planning and NEPA Effort (Clarence Coleman, PE, FHWA and Dan Thomas, PE, NCDOT)
Identifying North Carolina's Transportation Disadvantaged Populations (T.S. Combs, Ph.D, Elizabeth Shay, Ph.D, and D.A. Salvesen, Ph.D., UNC)	Green Streets - Beyond the Streetscape (Augustine Wong, RLA, Community Design Group)	Planning and Public Health - Working Together to Achieve Common Goals (Jo Morgan, MAEd, Pitt County Health Department, David Clear, CNU-A, NC Division of Public Health, and Eric Gooby, CZO, Pitt County)	Project Prioritization Approach for Multiple Stakeholder Environments (Jay Evans, PE, AICP, Cambridge Systematics)	The State of Sustainability Practice in NC via Community Practices Self Assessment Tool (Brian Byfield, AICP, NC Sustainable Communities)
Environmental Justice Case Study - Prosperity Church Road in Charlotte (Kirk Stull, PE, Senior VP, HDR)	Reducing the Cost of Crosswalk Installation Through Coordination with NCDOT Division Resurfacing Projects (Suraiya Rashid and Tara Murphy, Wilmington MPO)	Connecting the Dots - Redefining the Link Between Active Transportation and Public Health Through Health Impact Assessments (Katherine Herbert, MCRP, Davidson Design for Life, Jean Crowther, MCRP, Alta Planning, and Don Kostelec, AICP, Kostelec Planning)	Update on the Strategic Prioritization Process 3.0 (Don Voelker and David Wasserman, PE, NCDOT Strategic Planning Office)	Driving Plug-In Electric Vehicles (PEV) Readiness Efforts in NC (Cyrus Dastur, Transportation Specialist, Advanced Energy and Brennan Bouma, Triangle J COG)

Thursday 3:45 to 5:15 p.m.

Comprehensive and Regional Planning	Road Design	Public Health and Transportation	Regional Scenario Planning	Lightning Round (15 minute presentations)
Mapping the Future From Start to Finish (Paul Black, AICP, Land of Sky MPO)	Road Diets and One-Way/Two-Way Conversions - Urban Design and Traffic Considerations (Sreekanth Nandagiri, PE, and Ed McKinney, AICP, AECOM)	Building Community Engagement with a Walk A local walk audit to observe both the challenges to and the opportunities for healthy behaviors, such as routine walking, cycling, and transit use. This session will demonstrate how walk audits can inspire leaders and stakeholders, educate participants on healthy design principles and best practices, and provide practical planning for specific interventions, policy, and environmental improvements. (Mark Fenton, Adjunct Associate Professor, Tufts University, and Lynne Mitchell, Preventive Health Director, Forsyth County Department of Public Health)	Welcome to the Intersection of Regional and Transportation Planning (Mark Kirstner, PART, Adrienne Cox, FOCUS Southeastern North Carolina, Michelle Nance, Centralina COG, Carrie Runser-Turner, Land of Sky COG, Jake Petrosky, LandDesign, and Miller Cochran, MAB)	22,500 Traffic Signs, 550 miles, 5 months, 1 system (Gwen Ford, GISP, City of High Point)
I Have Coordinated with NCDOT on my CTP, What's Next? (Ed Lewis, Division 7 Planning Engineer, NCDOT)	North Tryon Street Revitalization (Jonathan Guy, PE, AICP, and Tom Russell, PE, City of Charlotte)			Piedmont Triad Environmental Justice Data Scan (Jesse Day, PTRPO)
Connecting Northern Brunswick County, One Collector Street at a Time (Allison Fluitt, PE, AICP, and Aaron Heustess, PE, Kimley-Horn)	Truck Impacts in the Performance of Roundabouts - A Dedicated Truck Slip Lane (Majed Al-Ghandour, Ph.D, PE, NCDOT)			NCDOT Performance Measures and MAP 21 (David Hyder, PE, High Point MPO)
				Scenario Analysis - A Literature Review (David Hyder, PE, High Point MPO)
				STP-DA Success Stories (TMA MPO members) Present projects that were successful or lessons learned
